Your Honor:

I write to inform the Commission that Texas-New Mexico Power Company (“TNMP”) and Troy ParentCo LLC (“Troy”) (collectively, the “Applicants”) have reached a unanimous settlement resolving all issues among the following parties: Applicants, Commission Staff, Texas Industrial Energy Consumers, Office of Public Utility Counsel, the Cities served by TNMP, Walmart Inc., and Texas Energy Association for Marketers. The Unanimous Stipulation and Agreement (“Stipulation”) is being filed concurrently with this letter. Valero Refining-Texas L.P. does not oppose the Stipulation.

Applicants are authorized to represent that the parties agree or do not oppose cancelling the hearing on the merits scheduled to begin on Monday, December 15. Accordingly, the parties do not intend to file witness waivers or allotments of time.

Thank you for your attention to this matter. Please do not hesitate to contact me should you have any questions.

Sincerely,

Meghan E. Griffiths
