ITEM 1117. LEGAL PROCEEDINGS

U.S. Bank National Association (“U.S. Bank”) and other large financial institutions have been sued in their capacity as trustee or successor trustee for certain residential mortgage backed securities (“RMBS”) trusts. The complaints, primarily filed by investors or investor groups against U.S. Bank and similar institutions, allege the trustees caused losses to investors as a result of alleged failures by the sponsors, mortgage loan sellers and servicers to comply with the governing agreements for these RMBS trusts. Plaintiffs generally assert causes of action based upon the trustees’ purported failures to enforce repurchase obligations of mortgage loan sellers for alleged breaches of representations and warranties, notify securityholders of purported events of default allegedly caused by breaches of servicing standards by mortgage loan servicers and abide by a heightened standard of care following alleged events of default.

U.S. Bank denies liability and believes that it has performed its obligations under the RMBS trusts in good faith, that its actions were not the cause of losses to investors, that it has meritorious defenses, and it has contested and intends to continue contesting the plaintiffs’ claims vigorously. However, U.S. Bank cannot assure you as to the outcome of any of the litigation, or the possible impact of these litigations on the trustee or the RMBS trusts.

On March 9, 2018, a law firm purporting to represent fifteen Delaware statutory trusts (the “DSTs”) that issued securities backed by student loans (the “Student Loans”) filed a lawsuit in the Delaware Court of Chancery against U.S. Bank National Association (“U.S. Bank”) in its capacities as indenture trustee and successor special servicer, and three other institutions in their respective transaction capacities, with respect to the DSTs and the Student Loans. This lawsuit is captioned The National Collegiate Student Loan Master Trust I, et al. v. U.S. Bank National Association, et al., C.A. No. 2018-0167-JRS (Del. Ch.) (the “NCMSLT Action”). The complaint, as amended on June 15, 2018, alleged that the DSTs have been harmed as a result of purported misconduct or omissions by the defendants concerning administration of the trusts and special servicing of the Student Loans. Since the filing of the NCMSLT Action, certain Student Loan borrowers have made assertions against U.S. Bank concerning special servicing that appear to be based on certain allegations made on behalf of the DSTs in the NCMSLT Action.

U.S. Bank has filed a motion seeking dismissal of the operative complaint in its entirety with prejudice pursuant to Chancery Court Rules 12(b)(1) and 12(b)(6) or, in the alternative, a stay of the case while other prior filed disputes involving the DSTs and the Student Loans are litigated. On November 7, 2018, the Court ruled that the case should be stayed in its entirety pending resolution of the first-filed cases. On January 21, 2020, the Court entered an order consolidating for pretrial purposes the NCMSLT Action and three other lawsuits pending in the Delaware Court of Chancery concerning the DSTs and the Student Loans, which remains pending.

U.S. Bank denies liability in the NCMSLT Action and believes it has performed its obligations as indenture trustee and special servicer in good faith and in compliance in all material respects with the terms of the agreements governing the DSTs and that it has meritorious defenses. It has contested and intends to continue contesting the plaintiffs' claims vigorously.

Report of Independent Registered Public Accounting Firm

The Board of Directors
Public Service Company of New Mexico:

We have examined management's assertion, included in the accompanying Assessment of Compliance with Applicable Servicing Criteria, that the Public Service Company of New Mexico (the Company) complied with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the energy transition bonds issued by PNM Energy Transition Bond Company I, LLC (the Platform), except for servicing criteria 1122(d)(1)(ii)-1122(d)(1)(iv), 1122(d)(2)(vi), 1122(d)(4)(iii), 1122(d)(4)(v), 1122(d)(4)(ix)-1122(d)(4)(xiii) and 1122(d)(4)(xv), which the Company has determined are not applicable to the activities it performs with respect to the Platform, and servicing criteria 1122(d)(4)(vi)-1122(d)(4)(viii) and 1122(d)(4)(xiv) for which the Company asserts its servicing activities are applicable to less than 5% of pool assets, thus qualifying for a de minimis exception pursuant to the Security and Exchange Commission's Compliance and Disclosure Interpretation (C&DI) 200.03 (the Applicable Servicing Criteria) as of and for the period from January 1, 2024 through December 31, 2024. The Company has determined that servicing criterion 1122(d)(2)(i) is applicable with respect to the Platform as it relates to the Company's obligation to remit Series Charges to the Indenture Trustee based on estimated collections using a weighted average balance of days outstanding on the Company's retail bills, and the Company has determined that servicing criterion 1122(d)(4)(iv) is applicable with respect to the Platform as it relates to the Company's allocation of Energy Transition Charges within retail bills issued to customers. With respect to servicing criterion 1122(d)(2)(iii), the Company has determined that there were no activities performed as of and for the period from January 1, 2024 through December 31, 2024 with respect to the Platform, because there were no occurrences of events that would require the Company to perform such activities. Management is responsible for the Company's compliance with the Applicable Servicing Criteria for the Platform. Our responsibility is to express an opinion on management's assertion about the Company's compliance with the Applicable Servicing Criteria for the Platform based on our examination.

Our examination was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and in accordance with attestation standards established by the American Institute of Certified Public Accountants to obtain reasonable assurance and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the Applicable Servicing Criteria for the Platform and performing such other procedures as we considered necessary in the circumstances. Our examination included testing the asset-backed transaction and securities that comprise the Platform, testing selected servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the Applicable Servicing Criteria. Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the asset-backed transaction included in the Platform. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Company's compliance with the Applicable Servicing Criteria for the Platform.

We are required to be independent and to meet our other ethical responsibilities in accordance with relevant ethical requirements relating to the examination engagement.

In our opinion, management's assertion that the Public Service Company of New Mexico complied with the aforementioned Applicable Servicing Criteria as of and for the period from January 1, 2024 through December 31, 2024 is fairly stated, in all material respects.

Our opinion on management's assertion does not extend to any other information that accompanies or contains our report.

Report of Independent Registered Public Accounting Firm

The Board of Directors

U.S. Bank National Association and U.S. Bank Trust Company, National Association

We have examined management's assertion, included in the accompanying Report on Assessment of Compliance with Applicable Servicing Criteria, that U.S. Bank National Association and U.S. Bank Trust Company, National Association (collectively, the "Company") complied with the servicing criteria set forth in Item 1122(d) of the Securities and Exchange Commission's Regulation AB for the U.S. Bank Corporate Trust Asset-Backed Securities Platform (the "Platform"), for which the Company provides trustee, securities administration, registrar and paying agent services, as of and for the year ended December 31, 2024, except for servicing criteria 1122(d)(1)(iii), 1122(d)(4)(i)-(ii), and 1122(d)(4)(iv)-(xiv), which the Company has determined are not applicable to the activities it performs with respect to the servicing platform covered by this report. Management is responsible for the Company's compliance with those servicing criteria. Our responsibility is to express an opinion on management's assertion about the Company's compliance with the servicing criteria based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and the Public Company Accounting Oversight Board (United States) and, accordingly, included examining, on a test basis, evidence about the Company's compliance with the applicable servicing criteria and performing such other procedures as we considered necessary in the circumstances. Our examination included testing of less than all of the individual asset-backed transactions and securities that comprise the Platform, testing of less than all of the servicing activities related to the Platform, and determining whether the Company processed those selected transactions and performed those selected activities in compliance with the servicing criteria. Furthermore, our procedures were limited to the selected transactions and servicing activities performed by the Company during the period covered by this report. Our procedures were not designed to determine whether errors may have occurred either prior to or subsequent to our tests that may have affected the balances or amounts calculated or reported by the Company during the period covered by this report for the selected transactions or any other transactions. Although the Company is responsible for assessing compliance with Items 1122(d)(1)(ii), 1122(d)(1)(v), and 1122(d)(2)(iii) of Regulation AB, there were no servicing activities performed by the Company during the year ended December 31, 2024 that required these servicing criteria to be complied with. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements related to our examination engagement.

Our examination does not provide a legal determination on the Company's compliance with the servicing criteria.

In our opinion, management's assertion that the Company complied with the aforementioned servicing criteria as of and for the year ended December 31, 2024, for the U.S. Bank Corporate Trust Asset-Backed Securities Platform is fairly stated, in all material respects.
