PROCEDURAL ORDER

THIS MATTER comes before Christopher P. Ryan and John F. Kreienkamp, hearing examiners for the New Mexico Public Regulation Commission, on the above-captioned application of Public Service Company of New Mexico. This order is issued following the prehearing conference conducted on December 20, 2024. The hearing examiners **FIND** and **CONCLUDE** as follows:

1. PNM filed the above-captioned application on November 22, 2024, seeking Commission approval of a proposed resource portfolio that includes one CCN, one PPA, and two ESA’s.

2. In a December 5, 2024, order setting deadlines and appointing the hearing examiners, the Commission designated the undersigned to preside over this proceeding and issue a recommended decision on the merits. In the same order, the Commission established a nine-month deadline of August 22, 2025, with respect to the proposed resource portfolio’s PPA and ESA’s. The Commission further stated that it would “endeavor to issue a final order by August 1, 2025, as requested,” on the CCN. To that end, the Commission directed the undersigned to establish a procedural schedule for this matter that is “planned to allow sufficient time for the Commission to enter a final order upon PNM’s Application by August 1, 2025.”

3. On December 6, 2024, the hearing examiners entered an order scheduling a prehearing conference for December 20, 2024. This prehearing conference occurred as scheduled

and was attended by representatives of PNM, the Commission's Utility Division Staff, and a number of prospective intervenors.¹

4. The procedural schedule developed at the prehearing conference along with the other matters discussed there should be and are approved as ordered below.

It is **ORDERED**:

A. The following procedural schedule is adopted:

1) On or before the close of business on **January 9, 2025**, PNM shall cause, at its sole expense, the Notice of Proceeding and Hearing (Notice) attached to this Order as Attachment A and incorporated herein by reference to be published once in a newspaper of general circulation available in every county where PNM provides service in New Mexico. PNM shall ensure that an affidavit confirming such publication is promptly filed in the docket.

2) On or before the close of business on **January 9, 2025**, PNM shall post copies of the Notice, the application, and the supporting pre-filed direct testimony, exhibits, and related papers on its website. PNM shall ensure that an affidavit confirming such posting is promptly filed in the docket.

3) On or before **February 3, 2025**, PNM shall mail the Notice (by bill stuffer or separately), at its sole expense, to customers. PNM shall ensure that an affidavit confirming such mailing is promptly filed in the docket.

4) A status conference in this matter shall be held on **January 24, 2025**, at 9:00 a.m. The purpose of the status conference will be to discuss whether a protest is likely

¹ These prospective intervenors included, but were not limited to the NM DOJ, Bernalillo County, NM AREA, CCAE, WRA, EcoMax Solar, NEE, Central Consolidated School District, and ABCWUA.

to be filed and, if so, whether the hearing in this case should be held in-person or over Zoom. The status conference shall be held via Zoom, and an invitation with necessary connectivity information shall be distributed to all persons on the service list.

5) Any person desiring to become a party (intervenor) must file a motion for leave to intervene in conformity with 1.2.2.23 NMAC on or before the close of business on **March 10, 2025**. All motions for leave to intervene shall be served on all existing parties and other proposed intervenors of record.

6) Pursuant to NMSA 1978, Section 62-9-1(C) (2019), and 17.9.551.10(A) NMAC, the deadline to submit a protest in this case is **March 10, 2025**.

7) In the event no protest is filed in this case, PNM may file a motion to vacate the public hearing and must do so by **March 14, 2025**.

8) Staff shall and any intervenor may file direct testimony on or before the close of business on **March 17, 2025**.

9) Rebuttal testimony shall be filed on or before the close of business on **March 24, 2025**.

10) On or before the close of business on **March 28, 2025**, and after PNM confers with Staff and all other parties, the Company shall e-mail the hearing examiners and the service list a proposed order of examination and cross-examination of witnesses.

11) A prehearing conference is tentatively scheduled for **March 31, 2025**, commencing at 1:00 p.m. MT on the Zoom videoconference platform. The purpose of the conference is to address, if necessary and among other items, prehearing matters and any other matters that may expedite the orderly conduct and disposition of this proceeding. The conference may be vacated if deemed unnecessary by the hearing examiners.

12) The public evidentiary hearing shall commence on **April 2, 2025**, beginning at 9:00 a.m. MT, and continuing as needed through **April 4, 2025**. The hearing shall be transcribed by a court reporter, and the transcript shall be available in the normal course. The hearing shall be conducted either in person or via the Zoom videoconferencing platform, pursuant to an order that will be issued subsequently by the hearing examiners. Access to and participation in the public evidentiary hearing will be limited to party-participants (i.e., counsel and witnesses), the Commissioners, and other essential Commission personnel. The hearing will be livestreamed through YouTube and a link to the stream will be posted on the Commission's website at <https://www.nm-prc.org>. Persons not participating in the evidentiary hearing as an attorney or witness may view the hearing on YouTube and shall not join the hearing via Zoom except to provide oral comment as allowed below.

13) The Commissioners may, at their discretion, conduct a public-comment hearing to receive oral comments. Public comment is not evidence.² The purpose of a public-comment hearing is to receive oral comment from the public about PNM's application. The date, time, and place of the public-comment hearing will be determined by the Commissioners and set out in a later order. The procedures and protocols that will govern at the public-comment hearing will be established by the Commissioners.

14) Comments may also be supplied to the Commission in written form and can be submitted at any time before the Commission takes final action on PNM's application. Written comments should be e-mailed to the Commission's records bureau at

² 1.2.2.23(F) NMAC.

prc.records@prc.nm.gov. Any written comment must reference Case No. 24-00271-UT. There are no other formatting requirements or protocols that must be followed. Written comments, like oral comments at any public hearing held in this matter, are also not evidence.

B. The procedural dates and requirements in this order are subject to further order of the hearing examiners or the Commission.

C. The parties and Commission Staff will be required to electronically distribute in advance of the hearing the exhibits they intend to offer for admission into evidence at the hearing. The requirements for those and any other necessary submissions shall be identified by the hearing examiners as the hearing date nears.³

D. Any person filing prepared testimony consistent with 1.2.2.35(I) NMAC on behalf of a party will attend the hearing and submit to examination under oath. All pre-filed testimonies of a witness must be moved into evidence when the witness is first presented. Unless otherwise ordered or approved by the hearing examiners, only pre-filed testimony in question-and-answer form and verified by the witness—and examination of witnesses on such pre-filed testimony—will be accepted, considered, and received in evidence along with other relevant and otherwise admissible exhibits.

E. Oral testimony elicited by a party or Staff presenting a witness (except for appropriate redirect examination) will consist solely of the authentication and verification of each pre-filed testimony and identifications of any permitted corrections to that testimony. Corrections to prefiled witness testimony are encouraged and should be offered only to resolve obvious errors

³ Parties will be required to utilize Dropbox to upload and download documents. See <https://www.dropbox.com>. All parties should familiarize themselves with use of that file-sharing application.

that might produce confusion. Parties should not and cannot attempt to amend substantive testimony through testimony “correction.” The parties will not elicit oral summaries of pre-filed testimony or other oral testimony.

F. At the commencement of the evidentiary hearing, counsel for PNM, any intervenors, and Staff will be required to provide the hearing examiners an estimate of their time for cross-examining each witness. This requirement flows from the fact that Commission hearings generally involve many parties, and the presiding officer must ensure an orderly and efficient hearing to accommodate all parties and the questioning of witnesses they will request. The hearing examiners may (in their discretion) limit the time for providing direct testimony or cross-examination to promote the proper and orderly management of the hearing.⁴

G. At the hearing, friendly cross-examination is prohibited. Friendly cross-examination is cross-examination of a witness by a party who does not disagree with the witness’s position on an issue. A party may make an offer of proof for an exemption from this general prohibition.

H. With one limited exception, only counsel presenting the witness may make objections during cross-examination of that witness. The limited exception is that the hearing examiners will entertain appropriately lodged objections to friendly cross-examination made by counsel not sponsoring the witness.

I. Each witness at the hearing and each witness’s attorney will have readily available at the hearing a copy of the pre-filed testimony of each witness and any related exhibits.

⁴ See 1.2.2.32(G)(3) NMAC.

J. Any interested person may examine PNM's application, supporting documents, and any other documents filed in the public record of this case on the Commission's website, <https://edocket.prc.nm.gov>. The case number assigned to this matter is 24-00271-UT.

K. Interested persons should contact the Commission at (505) 690-4191 for confirmation of the hearing date, time, and place as hearings are occasionally rescheduled or canceled. Similarly, members of the public who wish to make public comment should take the steps necessary to receive updates about this case as the Commissioners may schedule a public-comment hearing.

L. The Commission's Rules of Procedure under 1.2.2 NMAC shall apply in this case except as modified or varied by order of the hearing examiners or Commission. The Rules of Procedure and other Commission rules are available online at the State Records Center and Archives website at <http://www.srca.nm.gov/nmac-home/nmac-titles>.

M. Anyone filing pleadings, documents, or testimony in this case will comply with the Commission's electronic-filing policy as posted on the Commission's website and as amended from time to time. That policy specifies that all filings must be in ".pdf" format, include electronic signatures, and be sent to the Commission's records bureau at prc.records@prc.nm.gov within regular business hours of the due date. Documents received after regular business hours will be treated as having been filed the next business day. Regular business hours at the Commission are 8:00 a.m. to 12:00 p.m. and 1:00 p.m. to 5:00 p.m. MT Monday through Friday.

N. All filings must be e-mailed to the hearing examiners on the date filed by no later than 5:00 p.m. MT. Any filing e-mailed to the hearing examiners shall be in an accessible and searchable PDF format (utilizing OCR technology) and must be accompanied by the MS Word or other native version of the filing (e.g., Excel or Power Point). Any filings not e-mailed to the

hearing examiners in compliance with the requirements of this order and Commission rules are subject to being summarily rejected and stricken from the record.

O. Except as expressly provided in this order or subsequently ruled, discovery matters, and any discovery disputes shall be governed by the Commission's discovery rules at 1.2.2.25 NMAC. The parties shall raise any disputes, questions, or concerns regarding discovery with the hearing examiners at the earliest available opportunity so that all such issues may be considered well in advance of the hearing.

P. An order of the hearing examiners or Commission is not required for agreements between or among any of the participants regarding discovery matters. All other participants shall be notified of such agreements.

Q. Motions regarding any discovery dispute shall not be considered unless accompanied by a statement that the participants have made a good faith effort to resolve the dispute but were unable to do so.

R. The certificate of service for this case is attached to this order. Subject to the issuance of an official service list under 1.2.2.10(C)(4) NMAC, the attached service list shall be used for service of all pleadings and other documents.

NOTICE TO PNM CUSTOMERS OF PROCEEDING AND HEARING

To customers of Public Service Company of New Mexico:

PNM's customers are here notified of the company's November 22, 2024, application to the Commission requesting approval of a purchased power agreement, energy storage agreements, and a certificate of public convenience and necessity for system resources in 2028. This application has been assigned Commission Case No. 24-00271-UT.

A purchased power agreement (PPA) is a contract between a buyer and a third-party seller for the buyer to purchase electricity at an identified cost over a period of time. An energy storage agreement (ESA) is a battery-storage contract between a buyer and a third-party to allow the buyer to utilize a battery-storage system. A certificate of convenience and necessity (CCN) is a permit granted to an electric utility authorizing it to provide service to a geographic area or construct and operate a new facility or extension of a facility, and when a CCN is filed the Commission must certify that the new service or capital expenditure on new facilities is in the public interest.

This notice:

- Describes the generation and battery facilities for which PNM seeks approval,
- describes the Commission's process for considering PNM's application, and
- describes how you can participate in this process (if you wish to do so).

The Commission may approve the PPA, ESAs, and CCN requests without a formal hearing if no protest is filed within sixty days of the publication of this notice.

Any person who is not a party to the case or affiliated with a party may make written comment by e-mailing the Commission's records bureau at prc.records@prc.nm.gov. Written comments should reference Case No. 24-00271-UT. The Commission may also schedule one or more public comment hearings. Commenters are not parties and comments are not formal "evidence."

Any person who desires more information about the application may contact the Commission by phone at (505) 827-4084 or 1-888-427-5772 or by email at ryan.jimenez@prc.nm.gov.

IF YOU DO NOT WANT TO PARTICIPATE IN THIS PROCESS OR COMMENT ON THE PROCEEDING OR BECOME MORE INVOLVED, THEN NO ACTION IS REQUIRED ON YOUR PART.

PNM's November 22, 2024, application seeks Commission approval under 17.9.551 NMAC for the long-term Purchase Power Agreement (PPA) and Energy Storage Agreements (ESAs) described immediately below. PNM must receive Commission approval before becoming irrevocably bound under the agreements.

The Valencia Power Plant PPA

This PPA provides that Valencia Power, LLC will continue to sell PNM the capacity and associated energy from the Valencia Power Plant at a capacity charge of \$9.20/kW/month, a variable operation and maintenance charge of \$5.00/MWh (in year 1), and a start charge of \$8,000 per start. The PPA is an 11.5-year-term agreement that begins on the expiration of the current Valencia Power Plant PPA.

The Sun Lasso Storage ESA

The Sun Lasso Storage facility is a new 150 MW 4-hour battery-storage facility located in Bernalillo County. This ESA provides that Sun Lasso LLC will sell PNM the energy-storage capacity provided by the Sun Lasso Storage project at a pricing based on an availability-rate of \$14.55/MWh over a 20-year term. The 20-year term begins on an expected January 15, 2028, commercial operation date.

The Corazon ESA

The Corazon project is a 150 MW 4-hour battery-storage facility located in Bernalillo County. This ESA is between PNM and Corazon Energy Storage LLC for the energy storage capacity of the Corazon project at a pricing based on an availability-rate of \$15.40/MWh over a 20-year term, which begins on the expected operating date of December 31, 2027.

PNM's application also seeks approval of a certificate of convenience and necessity (CCN) as permitted by Section 62-9-1 of the New Mexico Statutes.

The Sunbelt Project

The Sunbelt Project is a hybrid 100 MW solar and 30 MW, 4-hour battery storage facility located within the Central Consolidated School District in San Juan County, New Mexico. PNM has proposed the Sunbelt Project to carry out the intent of the Energy Transition Act and Commission Order 19-00195-UT to site up to 450 MW of clean energy resources in the Central Consolidated School District, San Juan County, New Mexico, where PNM recently closed the San Juan Generating Station. PNM entered an engineering, procurement, and construction agreement with Gridworks to build the facility. It will be owned by PNM. Gridworks will be PNM's contractor. The project is anticipated to cost approximately \$220.4 million and is expected to have a December 31, 2027, commercial operation date. PNM included an option to increase the 30 MW battery to 50 MW with a resulting total capital cost of approximately \$252 million.

Some of the procedural dates for this case are identified below. Individuals interested in these proceedings should review the procedural order issued in this case in its entirety to obtain a complete understanding of the procedures that will govern. **The procedural order is found online at <https://www.prc.nm.gov/case-lookup-e-docket/>.** The procedural dates and requirements set out below may be changed.

Statute and commission rules provide that the Commission may approve the application without a formal hearing if no protest is filed within sixty days of the date this notice is provided to customers.

Anyone wishing to become a party to this case must file a motion for leave to intervene that conforms with 1.2.2.23(A), (B) NMAC on or before **Monday, March 10, 2025**.

Staff shall, and any intervenor may, file direct testimony by **Monday, March 17, 2025**.

Rebuttal testimony must be filed on or before **Monday, March 24, 2025**.

A public hearing will be held beginning on **Wednesday, April 2, 2025**, and will continue as needed through **Friday, April 4, 2025**, beginning at 9 a.m. each day. The hearing may be conducted via the Zoom videoconferencing platform or may be conducted in person.

The procedural dates and requirements provided here are subject to further order of the Hearing Examiner or the Commission.

Interested persons desiring more information about this application may contact the Commission by phone at 1-888-427-5772 or 505-827-4084 or by e-mail at ryan.jimenez@prc.nm.gov.
