AND NECESSITY TO CONSTRUCT, OWN, AND)	
OPERATE TWELVE MEGAWATTS OF)	
BATTERY STORAGE FACILITIES)	

PROCEDURAL ORDER

THESE MATTERS come before the Hearing Examiner upon Public Service Company of New Mexico’s (PNM’s) Application (Application) for Approval of a Certificate of Public Convenience and Necessity (CCN), pursuant to NMSA 1978, Section 62-9-1 (2019) and NMSA 1978, Section 62-9-6 (1967), to construct, own, and operate 12 megawatts (MW) of battery storage facilities (the BESS Project) filed with the New Mexico Public Regulation Commission (NMPRC or Commission) on May 3, 2023. The Hearing Examiner **FINDS AND CONCLUDES:**

1. PNM asserts that this project includes the acquisition, installation, and operation of two 6 MW 4-hour Lithium Iron Phosphate (LFP) battery energy storage systems (BESS) on two distribution feeders (South Coors 12 and Tome 12) co-located at two PNM owned solar generation sites. One site is located in Bernalillo County and the other site is located in Valencia County. Both of the sites are located outside of existing municipal boundaries. The BESS Project facilities will be located at the feeders with the highest constraints and will be built and owned by PNM. The BESS Project has an expected service life of 20 years.

2. The Application indicates the BESS Project is intended to be operational in June 2024, and PNM seeks approval of the CCN for the BESS Project by December 31, 2023 in order to meet the facilities’ anticipated construction schedule and to meet customer needs in 2024.

3. PNM also requests that PNM's Application be approved without a formal hearing if no protests are filed within sixty days of the date of notice in accordance with NMSA 1978, Section 62-9-1(C) which provides: "The commission may approve the application for the certificate [CCN] without a formal hearing if no protest is filed within sixty days of the date that notice is given, pursuant to commission order, that the application has been filed."

4. PNM's Application further notes: "While this Application is for an initial 12 MW of battery storage on PNM's distribution system, PNM expects to request approvals for similar battery storage in the future. PNM requests that the Commission determine whether the information provided in PNM's Application and supporting testimonies is sufficient to provide guidelines to streamline the process for future requests for approval of battery energy storage systems on PNM's distribution system. PNM requests that future CCN applications for battery energy storage system projects on PNM's distribution system be approved within a six-month period in light of the anticipated increased use of such battery energy storage systems and related market conditions which require prompt regulatory approval."

5. PNM's Application also claims: "The BESS Project meets the statutory criteria for issuance of a CCN under NMSA 1978, Section 62-9-1(D) (2019). The project will reduce costs to ratepayers by providing an alternative to new generation and deferring or avoiding otherwise needed upgrades to PNM's current distribution system. By locating the batteries on overloaded feeders with existing large solar installations, PNM can reduce the use of fossil fuels for meeting demand beginning in 2024. The BESS Project will also aid in ensuring grid

reliability, support increased diversification of energy resources, contribute to the reduction of air pollutants resulting from power generation, and ensure efficient service to PNM's customers. The BESS Project is also the most cost-effective among feasible alternatives. PNM requests that the Commission grant PNM a CCN because the public convenience and necessity require the construction, ownership, and operation of the BESS Project, which will reduce costs to ratepayers and the use of fossil fuels, as well as help ensure grid reliability, reduce air pollutants from power generation, and ensure PNM's ability to provide reliable and efficient service at the most cost-effective rate.”

6. PNM's Application further avers that PNM “is not seeking a determination on the ratemaking treatment of the BESS Project in this proceeding. The proposed ratemaking treatment for the BESS Project is the subject of PNM's pending rate case in Case No. 22-00270-UT. In Case No. 22-00270-UT, PNM provided a cost estimate for the BESS Project of \$22.27 million. PNM seeks authorization to recover the actual cost of the BESS Project, including allowance for funds used during construction (“AFUDC”), which it anticipates will be in the range of \$25.84 million, with the reasonableness of the final actual costs subject to Commission review and determination in a future general rate case and subject to Rule 17.3.580 NMAC.

7. PNM asserts that no location approval determination is necessary under NMSA 1978, Section 62-9-3 for its requests.

8. In its Initial Order Assigning Hearing Examiner issued on May 17, 2023, the Commission found that NMSA 1978, Section 62-9-1 (C) further requires: “The commission shall issue its order granting or denying the application within nine months from the date the application is filed with the commission. Failure to issue its order within nine months is deemed to be approval and final disposition of the application; provided, however, that the commission may extend the time for granting approval for an additional six months for good cause shown.”

9. In its Initial Order Assigning Hearing Examiner, the Commission found that a hearing examiner should be assigned to this case and a proceeding should be initiated immediately. In ordering the undersigned to preside over this case, the Commission authorized her to take all action necessary and convenient thereto within the limits of the Hearing Examiner’s authority, to take any other action in this case that is consistent with Commission procedure, and to submit a Recommended Decision containing proposed findings of fact and conclusions of law regarding this case to the Commission.

10. On May 18, 2023, the Hearing Examiner issued an Order Setting a Pre-Hearing Conference for May 25, 2023.

11. On May 25, 2023, the Hearing Examiner convened a prehearing conference in this matter. Attending the prehearing conference were representatives of PNM, Albuquerque Bernalillo County Water Utility Authority (ABCWUA), the Coalition for Clean Affordable Energy (CCAIE), the New Mexico Attorney General (NMAG), and Staff of the Commission’s Utility Division (“Staff”). Among other things addressed during the prehearing conference, the Hearing Examiner established a procedural schedule for this proceeding.

12. Accordingly, consistent with the Initial Order and the foregoing discussion, the Hearing Examiner finds the following procedural dates and requirements should be adopted in this proceeding.

IT IS THEREFORE ORDERED:

A. On or before June 15, 2023, PNM shall cause, at its sole expense, the Notice attached to the Procedural Order, to be published once in a newspaper of general circulation available in every county where PNM provides service in New Mexico. PNM shall ensure that an affidavit confirming such publication is promptly filed in the docket.

B. On or before July 13, 2023, PNM shall mail (by bill stuffer or separately at its sole expense) the Notice attached to the Procedural Order to customers. PNM shall ensure that an affidavit confirming such mailing is promptly filed in the docket. **The font size in the mailing shall not be smaller than the equivalent to a Times New Roman 10.5 font size.**

C. PNM shall also post as promptly as feasible to a prominent space on its website copies of the Notice, the Application, and the supporting pre-filed direct testimony, exhibits, and related papers. PNM shall ensure that an affidavit confirming such posting is promptly filed in the docket.

D. On or before August 14, 2023, any person objecting to the requested approvals shall file a written Protest specifying the grounds for protest and demonstrating the need for a formal hearing on PNM's Application. If no written Protests are timely filed, the Commission may vacate and waive a formal hearing on this matter.

E. Any person desiring to become a party (“intervenor”) to this case must file a motion for leave to intervene in conformity with PRC Rules of Procedure 1.2.2.23(A) and 1.2.2.23(B) NMAC on or before August 18, 2023. All motions for leave to intervene shall be served on all existing parties and other proposed intervenors of record.

F. Staff shall and any intervenor may file direct testimony by August 18, 2023. Staff testimony shall include Staff’s opinion and proposed determination on every PNM request.

G. Any rebuttal testimony shall be filed on or before September 7, 2023.

H. Service of all documents filed in this proceeding and discovery requests and responses shall be via email unless a party requests a hard copy or unless otherwise ordered. PNM shall post the discovery requests it receives from the parties or Staff and PNM’s responses to discovery requests, including exhibits, on PNM’s file sharing platform.

I. Responses to discovery shall be produced by close of business on the date that the certificate of service confirming such production is filed in the record. Discovery responses produced after 5:00 p.m. on the date that the certificate of service is filed shall be deemed produced the following day.

J. Responses to discovery requests regarding rebuttal testimony shall be served within seven (7) days of service of the request unless otherwise agreed or ordered.

K. With regard to PNM’s direct testimony and Staff and intervenors’ direct testimony, motions in limine, motions to strike, and other prehearing motions shall be filed on or before August 25, 2023. Responses to such motions shall be filed on or before August 31, 2023.

L. With regard to rebuttal testimony, motions in limine, motions to strike, and other prehearing motions shall be filed on or before September 14, 2023. Responses to such motions shall be filed on or before September 21, 2023.

M. A public hearing will be held, if necessary, beginning on October 12, 2023, and will continue through October 13, 2023, as determined to be necessary by the Hearing Examiner. Each hearing session shall commence at 9:00 a.m. Mountain Time (“MT”) unless otherwise ordered.

N. Based on present conditions and logistical issues, the Hearing Examiner has concluded that it will be necessary to conduct evidentiary hearing via the Zoom videoconference platform. Access to and participation in the evidentiary hearing shall be limited to party participants (i.e., counsel and witnesses), the Commissioners, and other essential Commission personnel. The Zoom hearing will be livestreamed through YouTube and will be displayed on the Commission’s website at <https://www.nm-prc.org>. Persons not participating in the evidentiary hearing as an attorney or witness may view the hearing on the Commission’s website and shall not join the hearing via Zoom except to provide oral comment as allowed below.

O. Interested persons who are not affiliated with a party may make oral or written comment as allowed by Rule 1.2.2.23(F) NMAC. Oral comments shall be taken shortly after the beginning of the evidentiary hearing on October 12, 2023, and commenters shall be limited to 3 minutes per comment. As part of the public hearing, public comment will be taken via the Zoom platform; therefore, persons wishing to make an oral public comment must register in advance, not later than 8:30 a.m. MT on October 12, 2023, by emailing Ana Kippenbrock at ana.kippenbrock@prc.nm.gov. Written public comments may be submitted before the

Commission takes final action by sending the comment, which shall reference PRC Case No. 23-00162-UT, to prc.records@state.nm.us. Public comments, whether oral or written, shall not be considered as evidence in this proceeding.

P. Since the evidentiary hearing will be conducted via Zoom, the parties and Staff will be required to electronically distribute the exhibits they intend to offer for admission into evidence at the hearing in advance of the hearing. That electronic distribution shall provide the documents to all parties, the Hearing Examiner, and the court reporter. The requirements for those and any other necessary submissions shall be set forth in a subsequent prehearing order issued by the Hearing Examiner.¹

Q. Any person filing prepared testimony consistent with 1.2.2.35(I) NMAC on behalf of a party shall attend the hearing and submit to examination under oath and shall appear via the Zoom video feed. All pre-filed testimonies of a witness shall be moved into evidence when the witness is first presented. Unless otherwise ordered or approved by the Hearing Examiner, only pre-filed testimony in question-and-answer form and verified by the witness – and examination of witnesses on such pre-filed testimony – shall be accepted, considered, and received in evidence along with other relevant and otherwise admissible exhibits. Oral testimony elicited by a party or Staff presenting a witness (except for appropriate redirect examination) shall consist solely of the authentication and verification of each pre-filed testimony and identifications of any permitted

¹ Parties will be required to utilize Dropbox to upload and download documents. See <https://www.dropbox.com>. All parties should familiarize themselves with use of that file-sharing application.

corrections to that testimony. The party or Staff shall not elicit oral summaries of pre-filed testimony or other oral testimony.

R. Friendly cross-examination is prohibited. Friendly cross-examination is cross-examination of a witness by a party who does not disagree with the witness's position on an issue.

S. Each witness at the hearing, and each witness's attorney, shall have readily available to him or her at the hearing a copy of the pre-filed testimony of each witness and any related exhibits.

T. Any interested person may examine PNM's application and supporting documents and other documents filed in the public record of this case on the Commission's website, <https://edocket.nmprc.state.nm.us>, or at the offices of PNM at the following address:

Public Service Company of New Mexico PNM Headquarters,
Main Office Albuquerque, New Mexico 87158
Telephone: (505) 241-2700

U. The procedural dates and requirements provided here are subject to further order of the Hearing Examiner or the Commission.

V. Interested persons should contact the Commission at (505) 690-4191 or ana.kippenbrock@prc.nm.gov for confirmation of the hearing date, time, and place because hearings are occasionally rescheduled or canceled if deemed not required in the discretion of the Hearing Examiner or the Commission.

W. The Commission's rules of procedure, 1.2.2.1 NMAC et seq., shall apply in this case except as modified by order of the Hearing Examiner or Commission. The rules of procedure

and other PRC rules are available online at the New Mexico Compilation Commission at <https://nmonesource.com/nmos/en/nav.do>.

X. Anyone filing pleadings, documents, or testimony in this case shall comply with the Commission's electronic filing policy which is amended from time to time. This includes compliance with the following (not exhaustive) set of requirements. Filings must be in pdf format. They must include an electronic signature and be sent to the Records Management Bureau's email address, PRC.Records@prc.nm.gov, or to another Records Bureau address as set out on the Commission's webpage. Any filing must be submitted within regular business hours of the due date to be considered timely filed. Documents received after regular business hours will be considered filed the next business day. Regular Commission business hours are from 8:00 a.m. to 5:00 p.m. MT. Parties shall serve a copy on all parties of record and Staff.

Y. All filings shall be emailed to the Hearing Examiner on the date filed at elizabeth.hurst@prc.nm.gov by no later than 5:00 p.m. MT. Any filing emailed to the Hearing Examiner shall include the Word or other native version of the filing (e.g., Excel or Power Point) if created in such format. Any filings not emailed to the Hearing Examiner in compliance with the requirements of this order and Commission rules are subject to being summarily rejected and stricken from the record at the Hearing Examiner's discretion.

Z. Except as expressly provided in this Order or subsequently ruled, discovery matters, and any discovery disputes shall be governed by the Commission's discovery rules at 1.2.2.25 NMAC. The parties shall raise any disputes, questions, or concerns regarding discovery with the

Hearing Examiner at the earliest available opportunity so that all such issues may be considered well in advance of the hearing.

AA. An order of the Hearing Examiner or Commission is not required for agreements between or among any of the participants regarding discovery matters. All other participants shall be notified of such agreements.

BB. Motions regarding any discovery dispute shall not be considered unless accompanied by a statement that the participants have made a good faith effort to resolve the dispute but were unable to do so.

CC. This Order is effective immediately.

PERSONS WITH DISABILITIES

ANY PERSON WITH A DISABILITY REQUIRING SPECIAL ASSISTANCE TO PARTICIPATE IN THIS PROCEEDING SHOULD CONTACT THE COMMISSION'S ADA COORDINATOR AT (505) 412-3502 AS SOON AS POSSIBLE TO REQUEST SUCH ASSISTANCE.

CASE NO. 23-000162-UT

NOTICE TO PNM CUSTOMERS

To customers of Public Service Company of New Mexico (“PNM or Company”): this document is required by the New Mexico Public Regulation Commission (“PRC” or “Commission”). The purpose of this document is to provide you with notice of PNM’s Application requesting PRC authorization to allow PNM to construct, own, and operate twelve megawatts (“MW”) of battery energy storage systems (“BESS”) and authorization for the use of an expedited approval process for this PNM project and other similar projects in the future. This notice describes:

- The PRC process for considering PNM’s Application and requests; and
- How you can participate in this process if you wish to do so.

If you would like to participate in this process, the information below details how you may participate. **IF YOU DO NOT WANT TO PARTICIPATE IN THIS PROCESS, NO ACTION IS REQUIRED ON YOUR PART.**

NOTICE is hereby given by the PRC of the following matters:

On May 3, 2023, PNM filed an Application and supporting direct testimonies in accordance with Sections 62-9-1 and 62-9-6 of the Public Utility Act (“PUA”) and 17.1.2.9 NMAC. PNM seeks authorization for the acquisition, installation, and operation of two 6 MW 4-hour Lithium Iron Phosphate (“LFP”) battery storage systems on two distribution feeders (South Coors 12 and Tome 12) co-located at two PNM owned solar generation sites in Bernalillo County and Valencia County, New Mexico, collectively referred to as the “BESS Project.” PNM asserts that the BESS

Project will assist in meeting forecasted load growth, provide improved voltage support and power quality on two overloaded feeders, increase those feeders' solar hosting capacity, and reduce or delay the costs of system upgrades needed to ensure PNM provides safe and reliable service for customers. The battery facilities are intended to be operational in June 2024.

In accordance with Section 62-9-1(C) of the PUA, the PRC may approve PNM's requests for a CCN without formal hearing if no protest is filed within sixty (60) days after PNM gives notice of the Application. PNM requests that the PRC waive a formal hearing if no written protests are timely filed, and that the Commission rule on PNM's Application by December 31, 2023.

Specifically, PNM requests that the Commission issue a Final Order in this case by December 31, 2023, that:

1. Issues a Certificate of Public Convenience and Necessity for PNM's construction, ownership, and operation of the 12 MW of BESS on two feeders, to be co-located with existing PNM-owned solar facilities;
2. finds that the ratemaking treatment of the proposed facilities will be addressed in PNM's currently pending rate case, and as necessary in its next general rate case;
3. orders that, to the extent a similar project for the same purposes in the future requires the issuance of a CCN, a streamlined process should be authorized with approval within six months; and
4. grants such other and further approvals, authorizations, and relief as the Commission may deem necessary and appropriate in connection with the construction, ownership, and operation of the battery storage facilities.

PNM's Application states that the BESS Project will reduce costs to ratepayers by providing an alternative to new generation and deferring or avoiding otherwise needed upgrades to PNM's current distribution system. By locating the batteries on overloaded feeders with existing

large solar installations, PNM asserts that it can reduce the use of fossil fuels for meeting demand beginning in 2024. Additionally, PNM asserts that the battery storage facilities will aid in ensuring grid reliability, support increased diversification of energy resources, contribute to the reduction of air pollutants resulting from power generation, and ensure efficient service to PNM's customers. PNM estimates the BESS Project cost at \$25.84 million, with the reasonableness of the final actual costs subject to Commission review and determination in a future general rate case. The BESS Project has an expected service life of 20 years.

Further information regarding this case can be obtained by contacting PNM or the Commission at the addresses and telephone numbers provided below. The Commission has assigned Case No. 23-00162-UT to this proceeding and all inquiries or written comments concerning this matter should refer to that case number.

The NMPRC assigned a Hearing Examiner to preside over this proceeding, and the Hearing Examiner established in her May 30, 2023 Procedural Order the following schedule for this case:

- a. On or before August 14, 2023, any person objecting to the requested approvals shall file a written Protest specifying the grounds for protest and demonstrating the need for a formal hearing on PNM's Application. If no written Protests are timely filed, the Commission may vacate and waive a formal hearing on this matter.
- b. On or before August 18, 2023, any person desiring to intervene to become a party ("intervenor") in this case must file a motion for leave to intervene in conformity with NMPRC Rules of Procedure, 1.2.2.23(A) and (B) NMAC.
- c. Staff and any intervenor testimony shall be filed by August 18, 2023. Staff testimony shall include Staff's opinion and proposed determination on every PNM request.
- d. Rebuttal testimony shall be filed by September 7, 2023.

i. Interested persons who are not affiliated with a party may make oral or written comment as allowed by Rule 1.2.2.23(F) NMAC. Oral comments shall be taken shortly after the beginning of the evidentiary hearing on October 12, 2023, and commenters shall be limited to 3 minutes per comment. As part of the public hearing, public comment will be taken via the Zoom platform; therefore, persons wishing to make an oral public comment must register in advance, not later than 8:30 a.m. MT on October 12, 2023, by emailing Ana Kippenbrock at ana.kippenbrock@prc.nm.gov. Written public comments may be submitted before the Commission takes final action by sending the comment, which shall reference PRC Case No. 23-00162-UT, to prc.records@prc.nm.gov. Public comments, whether oral or written, shall not be considered as evidence in this proceeding.

The procedural dates and requirements currently set in this case are subject to further Order of the Commission or the Hearing Examiner. Interested persons should review the May 30, 2023 Procedural Order for further procedural requirements and details.

The Commission’s rules of procedure, 1.2.2.1 NMAC et seq., shall apply in this case except as modified by order of the Hearing Examiner or Commission. The rules of procedure and
